Key Risks

The value of your investment may go down as well as up and past performance does not predict future returns. Investor capital may be at risk up to a total loss.
The Fund is exposed to the currency markets which may be highly volatile. Large price swings can occur in such markets within very short periods and may result in your investment suffering a loss.
The value of an investment in shares will depend on a number of factors including, but not limited to, market and economic conditions, sector, geographical region and political events.
The Fund invests in small and mid-capitalisation companies, which potentially involves greater risks compared to investing in large capitalisation companies. The shares may have less liquidity and could experience more price swings (or volatility) which could adversely affect the value of your investment.
The following is applicable if you subscribe for or settle shares in a different currency than the fund or share-class currency: Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies.

Investment Policy

The objective of the investment policy is to achieve a positive mid- to long-term investment performance through investments in small capitalisation listed global equities which facilitate the development and application of green technologies.

- The sub-portfolio manager for the fund is DWS Investments UK Limited. DWS Investments UK Limited has appointed Index Capital GmbH (Allocation Agent) to provide investment advice with regard to the composition of the fund's portfolio of equities
- Investment in companies with high levels of research & development activities in the space of green technologies, as determined by their respective patent portfolios screened against the green categories as defined by the World Intellectual Property Organization's IPC Green Inventory. The IPC Green Inventory provides access to patent information relating to 'Environmentally Sound Technologies' (ESTs).

About us
